The New York galley has opened an outpost just behind the Chateau Marmont. It has debuted with a group show, 'The Endless Summer,' that includes work by nearly 30

artists and designers including Daniel Arsham, Michael Anastassiades and Angela Anh Nguyen. “They are one of the premier collectible contemporary design galleries anywhere in the world, and it really ups the L.A. game to have them here,” says interior designer Oliver M. Furth, who shops there for his clients (who include actor-director Clark Duke and entrepreneur Moj Mahdara). 8260 Marmont Lane, [albertzbenda.com](http://albertzbenda.com)
